## BASIC products

**BIO ENERGY PLUS** is an innovative intensive pre-bath gel formulated to revitalize, nourish and soften every type of coat. Its formula is rich in green caviar extracts, ficus, seaweed and spirulina; it enhances the cell renewal, stimulates production of collagen, hydrates the skin and boosts the vitality of hair bulbs, accelerating the growth of coat. It is ideal to prepare the coat for the cut. Recommended as first beauty and healthy treatment: you need to use it before the shampoo, on all kinds of coats.

10000 ml - 5000 ml - 1000 ml - 250 ml

**SKINCARE PRO** is a treatment for sensitive skins with an oily composition. Thanks to the surfactant with plant origin and its formulation rich in propolis, it fulfills a sanitizing action against main animals' skin anomalies. Skincare Pro is recommended to clean sensitive skins to foaming shampoo; for frequent baths; for old or puppy dogs; for oily skin with bad smell; for dry skin and dehydrated coat; to solve dandruff problems. It is possible to apply it pure only to the involved area.

5000 ml - 1000 ml - 250 ml

**BAIN PRO** is a professional shampoo ideal to clean gently all types of coats. Its formula rich in silk proteins cleans and deeply sanitizes much neglected coats. Bain Pro is optimal for long textures; it grants a perfect balance to all kinds of coats, increasing the natural defenses and protecting the keratin structure. It is recommended for dogs with long coats and for the ones that need frequent weekly baths.

5000 ml - 1000 ml - 250 ml

**KERATINE PRO** is a professional shampoo specifically designed to enhance the structure of textures. Its formula, very rich in natural hydrolyzed keratin, is studied to give structure and enforce coats, by strengthening them. It acts by giving volume where the coats need it, shaping and weighing down the coat, if necessary. It is specific for the grooming of rough coats, for stripping and trimming.

5000 ml - 1000 ml - 250 ml

**PLATINUM PRO** is a professional and innovative shampoo with a powerful volumising and restructuring effect. It gives structure and consistency to fragile and thin coats. Its formula, rich in chitosan and coffee extract, cleanses by giving lightness and volume without weighing down. It is recommended for Nordic breeds coats that need not too much stiff and natural volume.

5000 ml - 1000 ml - 250 ml

**BLUE SKY PRO / BLUE SKY PRO BAMBU** is an innovative and multi-purpose shampoo that deeply sanitizes all types of coats. It gently washes thanks to an emollient and restructuring cream, respecting the epidermis. Blue Sky Pro is a unique treatment specifically designed in order to speed up grooming without compromising the final professional result on the hair's texture. It is recommended for grooming centres.

10000 ml - 1000 ml - 250 ml

## SUPPLEMENTS

**HYGRO FLUID** is an oily emulsion with high moisturizing and restructuring power for the coat. Its formula, rich in E-vitamin, rice bran, soy and sunflower natural oils, nourishes the dehydrated and dry hair, prevents from tangles formation and protects the skin from dehydration after cleansing. Hygro Fluid gives elasticity, softness brightness and strength to the hair growth. It is particularly recommended for long textures, and it is indicated for all kinds of dog breeds.

1000 ml - 250 ml

**SUPER KEEPER** is a mix of mineral oils and polysaccharides with high moisturizing power; its composition, enriched with honey extracts, restores the exhausted primary fur, giving it brightness and consistency, starting from the very first treatments. It is recommended for all types of breeds with keratin coats.

1000 ml - 250 ml

**BOMBASTIC** is a powerful liquid fiber with a restorative action and it is ideal to re-establish the natural beauty of the exhausted and damaged coats. A hair builder rich in coenzyme Q10, extract of macadamia and bioavailable mineral trace elements (zinc, iron, magnesium, silicon and copper) that are indispensable to obtain a healthy and bright, compact and full-bodied coat. It is recommended for all dog breeds.

1000 ml

**4 ELEMENTS OIL** is a mix of oils with high nourishing and reconstructing power; its formula contains argan, soy, sunflower seeds oils rich in essential fatty acids, specifically designed to soften and moisturize the coat; effective for damaged and exhausted fur; its revitalizing and recovering action is immediate. Recommended to remove tangles. Before bath treatment and for the arrangement of groomer's packages: mix 4 Elements Oil and the conditioning creams and grease the fur; afterwards you can use wrapping bands.

200 ml - 50 ml

**TECH IN COLOR** is a concentrate of natural pigments, a reflective for faded and dull coats. The pigments and the reflecting substances contained in the product brighten and enhance the coats' natural colours. It is advisable to mix different pigments in the shampoo, as to achieve the most natural colour possible.

50 ml

## FINISHING products

**HYDRATING CREAM** is an instant cosmetic treatment. Its action remarkably enhances the aesthetic beauty of the textures and is ideal to nourish, restructure and support the coat. It grants results on exhausted, stressed and fragile coats; it also gives natural shine to the colours and vitality to the hair. It is recommended for all kinds of dog breeds.

3000 ml - 1000 ml - 500 ml

**EXTRA BODY CREAM** is a nourishing and restructuring mask, rich in keratin and collagen; it provides support and strengthen exhausted and fragile coats. It acts from inside giving structure, where the coat requires it; it shapes and weighs down. It is recommended after prolonged brushing, for stressed, damaged and dehydrated coats; for wavy and keratin fur.

1000 ml

**BEAUTY RINSE** its name says everything! It is a beautifying rinse, rich in precious extracts of herbs and mountain flowers. Thanks to an acid pH, its action allows the quick and definite closure of the scales. It is a rebalancing lotion that, thanks to its formula rich in an extract of apple, promotes the lightness of the coat and speeds up drying. Beauty Rinse gives the coat brightness and more natural colours. It is recommended for furs in need of light and natural movement.

5000 ml - 1000 ml - 250 ml

**STYLE 360** is a spray lotion with a light fixing and volumizing effect. It can be used both in the drying and in final steps; it supports the dog's hair, especially when it "flutters" or has a fine texture. It is amazing as a pre-show or during the scissor cuts, to give volume and make the textures stable. Style 360 builds, shapes and finishes with a natural light effect. It is recommended for coats that need structure and volume.

1000 ml - 200 ml

**MIX PINK** is a double-phase conditioner acting on the coat, as a powerful restructuring and moisturizing agent. Its particular formulation rich in macadamia oil is studied to give tone and vitality to the coat and to enhance the coat brushing. It is recommended for long coats, for the everyday brushing and to eliminate electrostatics.

1000 ml - 200 ml

**MULTIFIX** is a latest-generation shaping and thermo-protecting fluid that, according to the requirements, can give a smooth or curly effect. It generates a water-soluble film on the hair, giving it a "memory" effect, so if you want to renew your styling, all you have to do is only pass your damp hands through the dog's hair. Multifix is recommended to shape the wavy or curly fur before the show, and for the straightened fur before using the hair straightener.

250 ml

**FINAL FIX STRONG GAS** is a strong fixing hair spray useful to obtain maximum volume and hold of dog's coat. It is ideal for shaping the top-knot of the poodle.

500 ml

**FINAL FIX SOFT ECOLOGIC** is a hair spray designed to condition fine and structureless textures, allowing the shaping of the dog's, hair several times.

200 ml

**FINAL FIX STRONG ECOLOGIC** is an extra-strong hair spray, ideal for the final fix of the top-knot of Shih Tzu, Maltese, Yorkshire Terrier, Poodles and art creations.

200 ml

**SOFT GROOMING POWDER** is a very fine-textured, professional cosmetic powder that adds softness and support to the dogs' coat. It very easily and evenly, adheres to the coat, giving it volume and firmness; the product leaves no traces on the hands. Recommended for all types of coats' colours, for the preparation to the show of Nordic and terrier breeds, poodles, bichon and cats. It is suitable as dry shampoo for a quick clean in situations of extreme need.

250 g

**TRIM GROOMING POWDER** is a professional powder studied to whiten and make the stripping of hard coat easier. It adheres evenly and very easily to the coat, giving consistency and hardness to the fur's structure. It makes trimming easier also on the just washed coat. Suggested for trimming and stripping.

75 g

**MODEL CREAM** is a professional shaping cream, rich in keratin; you can use it before the application of colouring powders or volumizing products. It rapidly dries. Suggested for the arrangement for the show of the Nordic dogs breeds and the Terrier.

500 ml

**HAIR STRIP** is a very fine and impalpable powder properly created to simply eradicate hair growing inside dog's auricles. Its particular formula makes it fit also for the stripping, especially in the most difficult parts, such as ears, cheeks and rear dog's areas. With its regular use, the ear remains sanitized and protected from external aggressions.

# 4Poodle Pro

# SPECIAL ONE

# Mac

Nathalie Anselmi FOTOGRAFIA

4 POODLE PRO is a specific shampoo designed for the poodle's curly coat; it gives support to the coat, volumizing also the one with the finest texture and it helps grooming: thanks to the extraordinary elasticity of the coat immediately after use and to the intense long lasting keratin effect. After cleansing, coat is easy to stretch and it dries very rapidly. 4 Poodle Pro is the ideal product in order to prepare the poodle's coat for cutting and beauty exhibitions; also suggested for Bichon frisé and Bobtail breeds.

1000 ml - 5000 ml

ABSOLUTE 4 POODLE is ready to use. Shake it before use and spread it on the whole dry or just washed coat, separating fur in layers, during brushing. It dries quickly and isn't visible on any hues. It can be applied more times a day; Absolute 4Poodle is fit for finishing and polishing, during scissors cut, except on Top-Knot, where you have not to apply it before spray lacquer.
